WORK EXPERIENCE

Superna Inc.   **July 2022 – Present**

- Design and maintain cloud-based lab environments to facilitate practical training
- Provide expert technical onboarding to customers, addressing their software-related issues
- Guide customers through the installation process of Superna software in VMware and cloud environments
  - **Stack:** AWS (S3, Route 53, Amplify, ECS, Guard Duty, Lambda, API), Azure, GCP, Docker, Linux OpenSUSE, Apache Kafka, Apache Solr, Apache Zookeeper, Cloud Object Storage platforms, TCP/IP, NFS, CIFS, OneFS, VMware.

Abbott   **January 2022 - July 2022**

- Monitors machines during operation to detect sounds of malfunction or excessive vibration.
- Calibrates and tests machine settings for production operations.
- Updates production logs and informs management of incidents.

Cogeco Connexion   **July 2021 - January 2022**

- Collaborated with vendors to resolve complex technical issues.
- Provided support for email, internet, firewall, and cable services.
- Explained technology-related details in easy-to-understand terms.

EDUCATION

Algonquin College   **2021**

PROJECTS

Cloud Resume Challenge
Successfully architected and deployed a serverless resume website on AWS, showcasing proficiency in S3, CloudFront, API Gateway, Lambda, DynamoDB, and Route53. Implemented a fully functional, scalable, and cost-effective solution, demonstrating practical experience in cloud architecture and serverless technologies.

Training Environments\Partner Enablement
Deployed scalable virtual training environments on CloudShare, leveraging VMware, Windows Server, OpenSUSE, PowerScale, and Qumulo. Implemented Jenkins/CICD, Active Directory, and SSO for automated management. Integrated AWS Route 53 for cloud connectivity.

CERTIFICATIONS, SKILLS & INTERESTS

- **Certifications:** AWS Certified Solutions Architect – Associate, CCNAv7: Enterprise Networking, Security, and Automation, AWS Certified Cloud Practitioner
- **Skills:** AWS, GCP, Azure, Terraform, Jenkins, Linux, HTML, CSS, Javascript, Python, Networking, Docker, Github Actions, Dell Power Scale, Windows server 2022, Linux
